The Regiment - British Special Forces is a first person shooter, delivered in a high-definition version. Download The Regiment PC Game - Complete FPS Action RPG based on new Eroico entertainment game, published under the license from Red Tech Games by Konami. License free download of complete games based on Eroico entertainment game. In this game you will be fighting a dangerous enemy of the British army, who penetrates their defences and reserves. Fight in the city of Minden, the capital of Germany. The character of the game is the Sergeant of the British special forces, who has to fight this enemy of British army. In this game you have the possibility to choose between four classes, where each class gives you a certain fighting ability, tactical ability and your powers for a battle. You can also pick the weapon which you like the best from the arsenal. The map of the game is divided into three levels, where you have to eliminate all enemies from the map. After you defeated all enemies in the different levels, you can enter a secret level, where there are extra enemies on the map. It is a difficult game where you can easily kill the enemies. While you kill enemies they get ready for their attacks and show their special abilities during the battle. It is very important to keep your tactics and skills during the battle. When you are almost sure that you will be able to eliminate all the enemies, the time starts ticking down. If you want to win, you need to kill all the enemy in the last moment. If you know all enemy attacks and also his attack spots, you can easily kill the enemies. For example, if an enemy attacks you, you can easily recognize his attack and where his most dangerous spot
